# PRINCIPALS AS THE TEACHER ACCREDITATION AUTHORITY FOR PROFICIENT ACCREDITATION

Event ID: 128637

## Principals as Teacher Accreditation Authority - Proficient Teacher.

A professional learning opportunity has been designed to support newly appointed and relieving principals in their role as Teacher Accreditation Authority (TAA) for teachers seeking and maintaining accreditation at Proficient teacher level.

The presentation is also useful for existing principals and school leadership teams to revisit key aspects of the accreditation process and develop systems to support accreditation in their school.

The course aims to develop an understanding of the procedures for Proficient Teacher (PT) accreditation in relation to the decisions made by principals as TAA

To access this professional learning Principals should:

- advise Directors, PSNSW of their intention to participate in this professional learning so that a link to the recorded Adobe Connect session can be provided

- enrol in the MyPL@edu event ID 128637

- engage with the Adobe Connect recorded session, download documents contained in the FILES pod and complete the three workshop activity sheets as described throughout the presentation

- email the completed worksheets to [julie.hurford@det.nsw.edu.au](mailto:julie.hurford@det.nsw.edu.au) to ensure 'completed' status is recorded against your participation in the event.

Please contact a Teacher Quality Advisor for more information.

Additional support for Principals as TAA is available through the Teacher Quality Team. This includes, but is not limited to:

### Induction and the Australian Professional Standards for Teachers

- Develop a deep understanding of the **Strong Start, Great Teacher resource** to provide quality school-based induction for beginning teachers.
- Promote a culture of self-reflection and collaborative practice aligned to the **Australian Professional Standards for Teachers**.

### Teacher Quality Team
